Best Master's Thesis Award of DeLFI 2016
Dr. Herman Zemlicka Award for Most Visionary Paper at NeuroIS Retreat - 2020

Peyman Toreini

Postdoctoral Researcher | Team Lead at Karlsruhe Institute of Technology (KIT)
Karlsruhe

Riepilogo

This is Peyman with tremendous enthusiasm in studying users' behavior in working environments and design innovative applications based on their needs. Finally, after a long journey, I landed somewhere in the intersection between information systems (IS) and human-computer interaction (HCI) communities. I mainly focus on designing innovative user interfaces by integrating human "eyes" tracked by eye-tracking technology on desktop stations, smart glasses, and mixed and augmented reality technologies.

Esperienza

Karlsruhe Institute of Technology (KIT)
5 anni 11 mesi

Postdoctoral Researcher | Team Lead
giugno 2020 - Present (1 anno 6 mesi)
Karlsruhe, Baden-Württemberg, Germany

Team lead of Eye-based Interactive Systems research team at the institute of information systems and service design.
